

Water Transportation

Summer Fun: Things that Go August 17-21, 2020

Busy Bees (Stargazers) Ms. Krystal & Ms. Rachel

	Monday	Tuesday	Wednesday	Thursday	Friday
Group Time, Story, & Classroom Jobs Calendar Pattern: AAB, AAB	Book: <u>Toy Boat</u> What kind of things move on water or in the water? Calendar & Jobs	Book: <u>Louise Builds a Boat</u> What does water... ...feel like? ...look like? ...smell like? ...taste like? Calendar & Jobs	Book: <u>Washington State Ferry & Seaplanes</u> Why do we need water transportation? Calendar & Jobs	Book: <u>Sail Home</u> Where can you travel on a boat? Calendar & Jobs	Book: <u>Who Sank the boat?</u> What would you see on a boat ride? What things are on the boat to keep us safe? Calendar & Jobs
Science, Math, & Sensory	Seashell Match	Colorful Transportation Sorters	Sink or Float? We will experiment with different materials.	Cork boats! We will test them out.	Making water sensory bottles to take home.
Art & Explorations	Water colors	Popsicle stick boats	Water sensory bottles	Water drop prints	Water colors
Music and Group Games	Song: "Row Row Row your boat"	Song: "Down by the bay"	Dance/Movement: We will pretend to move our bodies as though we were in the water, swimming and floating.	Storyboard: Traveling color song	Song: "Row Row Row your boat"
Weekly Extras	Weekly Goal: To understand how water transportation works and how things can move in water.	If students bring a favorite book from home we can read it after lunch!	We will learn to say 'boat' in sign language.	<u>WATER</u> <u>DAYS</u> Stargazers water play 75* by Noon.
