

Caterpillar to Butterfly

Rainbow Room Weekly Lesson Plans for July 12-16, 2021

	Monday	Tuesday	Wednesday	Thursday	Friday
Concept	Caterpillars grow to be Butterflies.	Caterpillars hatch from eggs after 3 days.	Caterpillars grow and eat for 10-12 days.	Caterpillars hang upside down and create chrysalises around their bodies.	After 7-10 Days Butterflies emerge from Chrysalises.
