

# Creepy Crawlers

Rainbow Room Weekly Lesson Plans for June 6-10, 2022

	Monday	Tuesday	Wednesday	Thursday	Friday
Concept	In the Spring we find more insects and other creepy crawlers.	Some insects have wings and can fly.	Worms, Slugs, and Snails have no legs.	Spiders have 8 legs and are considered an arachnid.	Insects can be beneficial to our gardens.
